

Life's
Peachey

Portfolio

children's wallpaper

Hi there

Life's Peachey is a surface pattern design brand by UK artist Lauren Peachey.

My work blends a soft, whimsical, and nature-inspired aesthetic with fun, folk-art influences. I create designs that feel uplifting and versatile with convincing colour scales which suit wallpaper.

All files are readily available in layered PSD and can be supplied in vector format as well. I am happy to adjust scale and colour as required.
